Barbara Newson (Nail Carer) MCFH MAFHP

Supported by

Who we Are & What We Do

NHS Podiatry or Chiropody is a specialised service funded to treat those who have “high risk” foot problems. It is not able to provide simple nail care

Keeping your nails trimmed is an important part of keeping your feet comfortable and yourself fit and healthy

Comfortable feet will help you to...

Take the exercise you need

Get around the house and reduce the risk of falling,

Keep an active social life with friends and family and avoid isolation

A Foot Health Practitioner's role & qualification:

Provider of private routine foot health care that includes assessing the condition of your feet, appropriate treatment, refer if necessary

Diploma in Foot Health from the SMAE Institute and continue to maintain and develop knowledge and skills

All practitioners are Disclosure & Barring Service (DBS) checked

Prices

Initial 1hr visit includes assessment + 1 choice of treatment £35

Further 1hr visits to include your choice of treatments £20

Seeing us

Ring for an appointment. Our clinic is based in the Lantern.

If you are unable to leave your home, ask us if it's possible to have a home visit
